Daye Kang

Email: dk564@cornell.edu
Website: www.dayekang.com

Education

Cornell University 09/2021 – Expected 2027
Ph.D. Candidate in Information Science (Minor in Computer Science) Ithaca, NY
Advisor: Malte Jung (2024–present), Jeffrey Rzeszotarski (2021–2024)
Committee Members: Jeffrey Rzeszotarski, David Mimno, Qian Yang, Noémie Elhadad

Korea Advanced Institute of Science and Technology (KAIST) 08/2018 – 02/2021
M.S. in Industrial Design Daejeon, Korea
Advisor: Andrea Bianchi
Exchange: University of Wisconsin-Madison (Spring 2020)

Hongik University 03/2013 – 08/2018
B.F.A. in Visual Communication Design Seoul, Korea
Exchange: California Institute of the Arts (Fall 2014) | Luxun Academy of Fine Arts (Spring 2016)

Research Interests

Design | Human-computer interaction | Human-AI interaction
Data sensemaking | Personal health informatics

Awards and Honors

Qualitative and Interpretive Research Grant, Cornell Center for Social Sciences 2026
Best Paper Award (Top 1%), ACM CHI 2025
Best Paper Honorable Mention Award (Top 5%), ACM CSCW 2025
Graduate School Research Travel Award, Cornell University 2025
Media Studies Graduate Working Group Fellowship, Cornell University 2023 – 2025
Best Master's Thesis Award, Department of Industrial Design, KAIST 2021
Korean Government Scholarship, Korea Ministry of Science and Technology 2018 – 2021
Adobe Design Achievement Awards (Semifinalist), Adobe 2017
Dean's Award, Hongik University 2017
Graduation Project Excellence Award, Visual Communication Design Department 2017
Excellence Award, Times Young Creative Awards 2016

Publications

I publish primarily in top-tier human-computer interaction (HCI) conferences such as CHI and CSCW. These peer-reviewed, archival conference papers are comparable in length and scholarly contribution to journal articles in other disciplines.

Venue Abbreviations

CHI: ACM Conference on Human Factors in Computing Systems
CSCW: ACM Conference on Computer-Supported Cooperative Work and Social Computing
DIS: ACM Conference on Designing Interactive Systems
IMWUT: ACM Interactive, Mobile, Wearable, and Ubiquitous Technologies
KSDS: Conference on Korean Society of Design Science

Peer-Reviewed Conference Publications

[C9] Daye Kang, Sulim Kim, Xinyu Ren, Malte Jung, and Xi Lu. **Role of AI and Data Visualization in Understanding Multifaceted Health Data** (In submission, CHI 2027).

[C8] Daye Kang, Jiahe Tian, Zhuolun Han, Sulim Kim, and Jeffrey Rzeszotarski. **A Paradox in Human-AI Collaborative Creative Visual Imagery** (In submission, CHI 2027).

[C7] Wenhan Dong*, Daye Kang*, and Swati Mishra (*equal contribution). **Impact of AI-Assisted Journaling on Reflection and Well-Being** (In submission, CHI 2027).

[C6] Jose A. Guridi, Mai Ichihara, Jessica McClearn, Laura Cortés-Rico, and Daye Kang. **AI in Qualitative Research** (In submission, CHI 2027).

[C5] Daye Kang, Jingjin Li, Gilly Leshed, Jeffrey Rzeszotarski, and Xi Lu. **Towards Hormone Health: An Autoethnography of Long-Term Holistic Tracking to Manage PCOS**. CHI 2025. [Link]
Best Paper Award (Top 1%)

[C4] Daye Kang, Zhuolun Han, Jiahe Tian, Muhan Zhang, and Jeffrey Rzeszotarski. **ThemeViz: Understanding the Effect of Human-AI Collaboration in Theme Development with an LLM-enhanced Interactive Visual System**. CSCW 2025. [Link]
Best Paper Honorable Mention Award (Top 5%)

[C3] Daye Kang and Jeffrey Rzeszotarski. **Challenges and Opportunities for Tool Adoption in Industrial UX Research Collaborations**. CSCW 2024. [Link]

[C2] Daye Kang, Tony Ho, Nicolai Marquardt, Bilge Mutlu, and Andrea Bianchi. **ToonNote: Improving Communication in Computational Notebooks Using Interactive Data Comics**. CHI 2021. [Link]

[C1] Daye Kang, Hye-Ryeong Kim, Ji-Hae Lee, Young Eun Lee, and Jae Young Yun. **Lexia in Wonderland: Korean Education Service for Children with Dyslexia**. KSDS 2017. [Link]
Excellence Award

Peer-Reviewed Journal Publications

[J1] Yoonji Kim, Youngkyung Choi, Daye Kang, Minkyeong Lee, Tek-Jin Nam, and Andrea Bianchi. **HeyTeddy: Conversational Test-Driven Development for Physical Computing**. IMWUT 2019. [Link]

Peer-Reviewed Extended Abstracts

[A3] Runhua Zhang, Ruyuan Wan, Jiaqi Li, Daye Kang, Yigang Qin, Yijia Wang, Ziqi Pan, Tiffany Knearem, Huamin Qu, and Xiaojuan Ma. **Legitimizing, Developing, and Sustaining Feminist HCI in East Asia: Challenges and Opportunities**. CHI 2026. [Link]

[A2] Yujin Lee, Jee Bin Yim, Daye Kang, Hyeon-Beom Yi, and Daniel Saakes. **Designing Internal Structure of Chocolate and Its Effect on Food Texture**. DIS 2019. [Link]

[A1] Daye Kang, Hye-Min Choi, Ka-Hyun Kim, and Younjoon Lee. **Nudge Design to Increase Physical Activities for Hospitalized Children**. KSDS 2017. [Link]
Poster Honor Award

Workshop Papers

[W6] Daye Kang, Malte Jung, and Xi Lu. **Supporting the PCOS Patient–Provider Relationship Through Human-AI Interaction**. Toward Relationship-Centered Care with AI: Designing for Human Connections in Healthcare, CHI 2026.

[W5] Daye Kang, Wenhan Dong, and Swati Mishra. **Supporting Self-Expression and Reflection in Expressive Writing**. Tools for Thought: Understanding, Protecting, and Augmenting Human Cognition with Generative AI, CHI 2026. [Link]

[W4] Daye Kang* and Shu-Jung Han* (*equal contribution). **Data-Driven Visual Storytelling through Generative AI Co-Creation: An Autoethnographic Exploration**. Visual Storytelling Beyond the Human: Co-Creation, Culture, and Futures, CHI 2026.

[W3] Daye Kang. **Exploring New Sensemaking Methods to Understand Complex Lived Experiences using PCOS Data**. Bring Your Own Biodata (BYOB): Feminist, Corporeal and Collective Approaches to Datafied Bodies, DIS 2025.

[W2] Daye Kang. **Does Human-AI Collaboration Hinder Creative Visual Imagery? The Paradox of Increased Mental Images but Reduced Creative Output**. Design Knowledge in AI: Navigating Temporality and Continuity, DIS 2025.

[W1] Daye Kang, Zhuolun Han, Jiahe Tian, Muhan Zhang, and Jeffrey Rzeszotarski. **LLM-embedded Interactive Visual System for Iterative Theme Refinement**. LLMs as Research Tools: Applications and Evaluations in HCI Data Work, CHI 2024.

Manuscripts in Preparation

[M1] Daye Kang*, Shu-Jung Han*, and Jeffrey Rzeszotarski (*equal contribution). **Data-Driven Graphic Pathography through Generative AI Co-Creation** (In prep., DIS 2027).

Creative Work

Selected Design Projects

PMOS.Comics, Research through Design, Self-Published Series [Project] 2026 – Present

Mindful, AI-Assisted Journaling System [Project] 2025

ThemeViz, LLM-Enhanced Visual System for Theme Development [Project] 2023

ToonNote, Interactive Data Comics for Computational Notebooks [Project] 2020

My Little Hero, Interactive Game Design [Project] 2017
- **Finalist**, Samsung Tomorrow Solution

Lexia in Wonderland, Educational Game for Children with Dyslexia [Project] 2017
- **Semifinalist**, Adobe Design Achievement Awards

QinQin Hou, 2D & 3D Animated Advertisement [Project] 2016
- **Excellence Award**, Times Young Creative Awards

More work on my website ↗

Exhibitions

Graduation Exhibition, Hongik University, Seoul, Korea 2017

Graphics Poster Group Exhibition, Hongik University, Seoul, Korea 2015

Research Experience

Interplay Research Studio [Link], Cornell University 09/2024
Ph.D. Researcher – Present
- Conducting a diary study on holistic health management among patients with PMOS (Polyendocrine Metabolic Ovarian Syndrome, formerly PCOS)
- Exploring the role of human-AI collaboration in health data communication

Machine Teaching and Human Intelligence Research Group [Link], McMaster University 08/2024
Visiting Scholar – Present
- Designed an AI-assisted journaling system

Artifact Lab, Cornell University 09/2021
Ph.D. Researcher – 08/2024
- Interviewed UX practitioners on cross-functional collaboration in data analysis [C3]
- Designed an LLM-embedded system with visualizations for theme development [C4]
- Conducted an online experiment on how AI affects creative visual imagery [W2]
- Conducted a 10-month autoethnography on the limits of self-tracking tools [C5]

Make Lab [Link], KAIST 09/2018
M.S. Researcher – 02/2021

- Conducted research on interactive data visualization, including system design, development, and usability evaluation [C2], and assisted research on physical computing and fabrication [J1]
- Co-authored a $27,000 industry grant proposal with Hyundai Motors on acoustic road-surface recognition for adaptive driving; served as co-project manager of the interdisciplinary team (09/2019 – 01/2020)

Work Experience

Ringle [Link], Seoul, Korea 02/2021
UX/UI Designer – 06/2021

- Designed a language learning dashboard to track progress and improve motivation
- Designed an intelligent learning experience for language learners

Studio Gale [Link], Pangyo, Korea 07/2015
3D Modeling Intern – 08/2015

- Designed and created 3D models for the production of the TV animation 'Pororo'

Teaching Experience

Teaching Assistant

Cornell University

Data Communication (INFO 3312/5312)	Fall 2026
Designing AI Products and Services (INFO 4940/5940)	Spring 2025, 2026
Teams and Technology (INFO 4430)	Fall 2025
Visual Data Analytics for the Web (INFO/CS 3300, INFO 5100)	Fall 2023, 2024
Interactive Information Visualization (INFO 4310/5311)	Spring 2024
Human-Computer Interaction Design (INFO 3450)	Fall 2022, Spring 2023

KAIST

Interaction Prototyping (ID220)	Fall 2019
Scientific Writing (CC500)	Spring 2019
Idea & Expression (ID202)	Fall 2018

Mentoring

Master's Students (Cornell Information Science)

Nitish Gannu	2026
Xinyu (Penny) Ren – *now at UC Berkeley, Master of Design Student*	2026
Sulim (Abby) Kim	2025 – 2026
Muhan Zhang – *now at Reinforce Labs, Software Engineer*	2023

Nolan Harrington – *now at Technology Transformation Services (TTS), Product Designer* 2023

Undergraduate Students (Cornell Information Science)

Harriet Kumah – *now at IBM, Customer Success Engineer* 2025
Vicky Wang – *now at Capital One, Product Manager* 2024
Zhuolun Han 2023 – 2024
Jiahe Tian – *now at Apple, Machine Learning Engineer* 2023 – 2024

Service

Reviewer

ACM Conference on Human Factors in Computing Systems (CHI) 2022 – 2026
ACM Conference on Computer-Supported Cooperative Work and Social Computing (CSCW) 2025, 2026
ACM Conference on Designing Interactive Systems (DIS) 2026
ACM Conference on Creativity and Cognition (C&C) 2023

Associate Chair

ACM Conference on Human Factors in Computing Systems (CHI), Poster Track 2026

Organization

Feminist HCI in East Asia Meet-up, Co-organizer, CHI 2026, Barcelona [Link] 2026
PCOS Co-Design Workshop, Co-organizer, joint research project with Columbia University 2024

Invited Talks

- *Advancing Human-AI Interaction and Transforming Research Workflows* 2025
  Invited talk, Generative AI and UX Seminar, Ewha Womans University (Host: Juwon Lee)
- *Towards Hormone Health: An Autoethnography of Long-Term Holistic Tracking to Manage PCOS* 2024
  Guest lecture, Qualitative User Research and Design Methods, Cornell University (Host: Gilly Leshed)

Selected Media Coverage

ACM CSCW Blog, "Announcing the Best of CSCW 2025", Honorable Mention listing 2025
Hongik University News, "Students Win KSDS Design Conference Paper Awards" 2017

Skills

Design

Domains: Interaction Design, Data Visualization, Graphic Design, 2D/3D Animation, Illustration
Tools: Figma, Illustrator, Photoshop, InDesign, After Effects, Maya

Technical

Programming: JavaScript, D3.js, React, Python, HTML, CSS
Data analysis: Python

Research

Qualitative methods: Participatory Design, Co-design, Autoethnography, Interviews, Diary Studies, Affinity Diagramming, Journey Mapping, Research through Design, Think Aloud
Quantitative methods: Surveys, Online Experiments, Statistical Analysis, Behavioral Data Analysis

References

I am using Interfolio Dossier Delivery to send confidential recommendation letters. Please use the "Email for letter" address listed below to request the letters. If you have any questions for my references, feel free to contact them directly through their official email addresses.

Malte Jung, Associate Professor, Information Science, Cornell University
Email: mfj28@cornell.edu

Jeffrey Rzeszotarski, Assistant Professor, Computer Science, Loyola University Maryland
Email: jrzeszotarski@loyola.edu
Address: 4501 N. Charles Street, Baltimore, MD 21210

Andrea Bianchi, Associate Professor, Industrial Design, KAIST
Email: andrea@kaist.id
Email for letter: send.Bianchi.09541C1BEB@interfoliodossier.com

Xi Lu, Assistant Professor, Information Science, University at Buffalo, SUNY
Email: xlu30@buffalo.edu
Email for letter: send.Lu.AE26A10723@interfoliodossier.com

Gilly Leshed, Teaching Professor, Information Science, Cornell University
Email: gl87@cornell.edu
